### **Status of Application**

1. Applicant's amendment, filed Nov. 28, 2007, has been entered in the application. Claims 1-4, 8, 11, 12, 14 and 15 are pending.

### **Allowable Subject Matter**

2. Claims 1-4, 8, 11, 12, 14 and 15 are allowed.
3. Applicant's comments, filed with the amendment, have been carefully considered. As regards the reference to Landine, as applied in combination, the examiner agrees that in view of Landine's teachings a combination with further liner portions to additionally be associated with the goods carrying areas of the cart are taught against. The examiner recognizes that the prior art may separately teach the elements as recited in the claims, and that a combination of such elements may lead to a predictable result, however in this case, particularly in view of the teachings of Landine (and/or those of other references directed to lining children's seats) the combination would not be successful, and a seat liner such as taught by Landine would not be understood to be ready for improvement to further include a goods-carrying liner portion as well, at least for the reasons taught in Landine's disclosure.

4. Any inquiry specifically concerning this communication or earlier communications from the examiner should be directed to F. Vanaman whose telephone number is 571-272-6701.

Any inquiries of a general nature or relating to the status of this application may be made through either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see <http://pair-direct.uspto.gov>.
